MUSEUM OF DESIGN ATLANTA

Located in Downtown Atlanta, MODA is the only museum in the Southeast devoted exclusively to the study and celebration of all things design. MODA examines how design affects our daily lives through engaging exhibitions, K-12 educational outreach and exciting adult programming. MODA regularly features exhibitions of architecture, industrial and product design, interiors and furniture, graphics, fashion and more. For more information visit: www.museumofdesign.org

Design is everywhere. From the buildings in which we work and live to the graphic messages that allow us to share information, from the ways in which we interact with our computers to the clothes we wear, design pervades our lives.

At Museum of Design Atlanta (MODA), our mission is to explore the many facets of the design disciplines-architecture, electronic media, fashion, furniture, graphic, industrial, and interior design to name a few-as they exert a positive influence on the Metro-Atlanta community.

Featuring

Atlanta: Beyond Bricks and Sticks - This traveling exhibition will highlight Atlanta's status as a leader in the green building movement.

Love Nests: Photographs and Objects - This exhibition will highlight, through one-of-a-kind displays, fascinating individuals and the objects they can't live without.

Tim Frank: Sense and Sustainability - This exhibition examines how architecture is capable of revealing to its inhabitants the hidden sensibilities of place.

On You 2 - This exhibition is an exploration of our relationship with wearable and portable technology through projects and conceptual prototypes.

Camp MODA - 2010 Summer Design Camp

Contemporary Ichiyo Ikebana - This exhibition of Japanese flower design along with a series of workshops will examine the connection between our environment and this living art forming ensembles from a variety of cultures spanning five continents.

Atlanta Design Week - October 23-30th, 2010

Something Borrowed, Something New - features thirty-five traditional wedding ensembles from a variety of cultures spanning five continents.

Waterworks - Bathroom design past, present and future.

SpeedDream - This exhibition will explore the aesthetic and technological design of the Motorcycle, from concept to execution.
